MD Buyline Member Hospital

Price Tracker is a tool that provides a comparison of the *prices paid* by equipment type. Instead of a standard Quote Analysis, this report displays the net prices of recent quotes submitted by other hospital members for systems generally similar to your own.

This record provides pricing data to allow you to evaluate how your quoted price compares to deals seen by other MD Buyline members on similar product purchases while keeping in consideration that individual configurations may vary.

Vendor: Medical Capital Vendor

Model / Description	Quantity	Total Net Price
12345 / Widget A, Mobile Stand, Portable Monitor, Medical Capital Vendor	1	\$10,000
Shipping and handling: \$55		

We see guides, on-site in-service, and shipping offered at no charge with various purchase scenarios.

Your offer ('Quoted') as ranked among recent offers for similar systems based on net cost. The average net price ('Avg') is also included.

Deal	Net Price	Date	Model/Name	Description	Comments
1	\$9,276.75	4/15/2009	12345	Widget A	Single unit purchase. \$10,970 less \$1,693.25 discount.(1) System (\$9,276.75) excluded: shipping and handling (\$75)
